- Meadow Elementary

“I am excited for the opportunity to be your new principal and become a North Point Navigator! I can’t wait to meet the faculty, staff, students, and families and work together to continue serving the students and community.

“I have a strong passion for education, literacy, and creating a place where all students feel safe and excited to come to school every day. I look forward to partnering with you as parents, teachers, and students to continue the tremendous work that is happening at North Point.

“I have loved my experiences as an Assistant Principal at Black Ridge and Meadow Elementary Schools, and it will be hard to say goodbye to my friends there; but I’m excited to begin my journey as a principal and “point to the future” with you!”

– Mrs. Saxton
