

My name is Carrisa Bybee and I am so excited to be joining the North Point community! This will be my eighth year teaching elementary school and my second year in Alpine School District, last year teaching 3<sup>rd</sup> grade her at North Point! I am married and have two awesome kids! Although most of my free time is spent with family; I love to read, bake, attend concerts and get outside. I look forward to getting to know each of your children.
