

Becca Jane Waite- Librarian

Hi! I'm Mrs. Waite. My family and I have lived in Lehi for the past 17 years. I grew up in Orem, Utah and went K-12 in Alpine School District. I love reading, singing with my family, ballroom dancing with my husband, traveling, trying new foods, and spending time with my family, especially my granddaughter. My youngest two kiddos attended North Point Elementary when it first opened. I have been an elementary librarian for the last 8 years at Eagle Valley Elementary, but I started my Alpine School District employment at North Point. My last few years at North Point I was a reading interventionist for 1st-grade. It is nice to be coming back to a school that I love so much and filling the role as librarian, my dream job! I am excited to meet the students, new faculty, as well as touch base with the faculty I knew from before. The library is a magical place where we can experience other cultures, worlds, learn, and make many friends all through books! I can't wait to greet you there this coming year! Let's get reading North Point!
